The significant control shall include (1) holding of shares conferring 50 percent or more of the total voting rights in the immediate holding entity, or (2) nominating a substantial number of directors.

⁸ Please enclose the documents that indicate the voting rights of shares of the business held by each person and persons under section 258 of such persons.

Explanation

1. The trigger points for the reporting obligation under Section 246 are:
 - (1) holding of shares in the amount that reaches or crosses 5% ... 10% ... 15% ... 20% ... to 100% of total voting rights of the business.
 - (2) holding of convertible securities whose amount of the total underlying shares reserved for conversion reaches or crosses 5% ... 10% ... 15% ... 20% ... to 100% of total voting rights of the business.
2. Securities that are subject to the reporting obligation are shares issued by a company whose shares are listed on the Stock Exchange of Thailand and securities convertible into, or whose exercise of rights deliverable as, shares issued by a company whose shares are listed on the Stock Exchange of Thailand.
3. In the case of two persons or more commencing a concert party relationship or the acquisition of a juristic person under Section 258 resulting in an aggregate shareholding reaches or crosses the trigger points for the reporting obligation, all such persons shall file a report under Section 246. Such persons may jointly submit the report in the same form (Form 246-2) by providing the information required under item 10.
4. If the termination of status of a concert party or status of a juristic person under Section 258 results in an aggregate shareholding reaches or crosses the trigger points for the reporting obligation, all such persons shall file a report under Section 246 by providing the information required under item 10.
5. If an acquisition of control over a business under the chain principle by any person reaches or exceeds 25%, 50% or 75% of the total voting rights of the business pursuant to the notification of the Capital Market Supervision Board re: Rules, Conditions and Procedures on Acquisition of Securities for Business Takeover, such person (who is required to comply with the rules issued under Section 247) shall file Form 246-2 by providing the information required under item 11.
6. The percentage holding of securities shall be calculated as follows:
 - (a) Where the reported securities are shares:

$$\frac{\text{Total voting rights of shares held} \times 100}{\text{The total number of voting rights of the business}^1}$$

- (b) Where the reported securities are convertible securities:

$$\frac{\text{Total voting rights of shares acquired if convertible securities are fully exercised} \times 100}{\text{Total number of voting rights of the business}^{1 \text{ and } 2}}$$

¹ If the business has outstanding treasury stocks, the total number of voting rights of the business shall refer to the voting rights of the total paid-up share capital less the total number of outstanding treasury stocks as of the last day of the month prior to the transaction (Information of treasury stocks of a listed company is available at <http://capital.sec.or.th/webapp/treasury/showTreasury.php>).

² The number of voting rights that are used as a basis for calculation is the total voting rights of the business, excluding those exercisable from the shares reserved for convertible securities.

Example:

- Company A Plc ("**Company A**") has 1 million voting rights of the total paid-up share capital and a total of 50,000 issued warrants, with the exercise ratio of 1 warrant : 1 share : 1 voting right, and a total of 20,000 issued convertible debentures, with the conversion ratio of 1 convertible debenture : 40 shares : 40 voting rights.
- Mr. Kor holds shares with 45,000 voting rights and 9,000 warrants of Company A.
- If Mr. Kor acquires additional shares with 5,000 voting rights, 2,000 warrants, and 1,000 convertible debentures of Company A.

Calculation of shares for reporting purposes:

(1)	Shares held prior to the acquisition	45,000 voting rights
(2)	Net additional shares acquired	5,000 voting rights
(3)	Total voting rights	50,000
(4)	$[(3) / 1,000,000] \times 100$	5%

Calculation of convertible securities for reporting purposes:

(1)	Warrants held prior to the acquisition	9,000 units	$9,000 \times 1 = 9,000$ voting rights
(2)	Net additional warrants acquired	2,000 units	$2,000 \times 1 = 2,000$ voting rights
(3)	Net additional convertible debentures acquired	1,000 units	$1,000 \times 40 = 40,000$ voting rights
(4)	Total voting rights of (1), (2) and (3)		51,000
(5)	$[(4) / 1,000,000] \times 100$		5.1%

Therefore, Mr. Kor is obliged to report his acquisition of shares in Company A by filing one set of Form 246-2 and is obliged to report his acquisition of convertible securities in Company A by filing another set of Form 246-2.

Example of the calculation in the case of the business having treasury stocks:

- Company A has 1 million voting rights of the total paid-up share capital and a total of 50,000 issued warrants, with the exercise ratio of 1 warrant : 1 share : 1 voting right; and a total of 20,000 issued convertible debentures, with the conversion ratio of 1 convertible debenture : 40 shares : 40 voting rights.
- Mr. Kor holds shares with 45,000 voting rights and 9,000 warrants of Company A.
- If Mr. Kor acquires additional shares with 13,000 voting rights, 2,000 warrants, and 1,000 convertible debentures of Company A whilst Company A has outstanding 50,000 treasury shares (50,000 voting rights) at the end of the month prior to Mr. Kor's acquisition of shares and convertible debentures in this occasion.

Calculation of shares for reporting purposes:

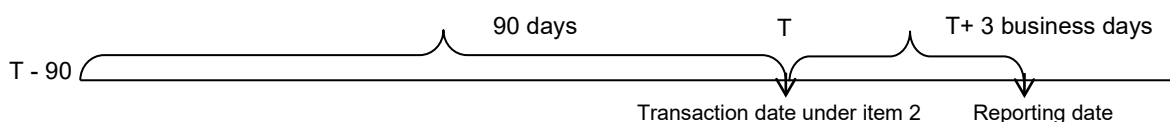

(1)	Shares held prior to the acquisition	45,000 voting rights
(2)	Net additional shares acquired	13,000 voting rights
(3)	Total voting rights	58,000
(4)	$[(3) / (1,000,000 - 50,000 \text{ voting rights})] \times 100$	6.1%

Calculation of convertible securities for reporting purposes:

(1)	Warrants held prior to the acquisition	9,000 units	$9,000 \times 1 = 9,000$ voting rights
(2)	Net additional warrants acquired	2,000 units	$2,000 \times 1 = 2,000$ voting rights
(3)	Net additional convertible debentures acquired	1,000 units	$1,000 \times 40 = 40,000$ voting rights
(4)	Total voting rights of (1), (2) and (3)		51,000 voting rights
(5)	$[(4) / 1,000,000 - 50,000 \text{ voting rights}] \times 100$		5.36%

Therefore, Mr. Kor is obliged to report his acquisition of shares in Company A by filing one set of Form 246-2 and is obliged to report his acquisition of convertible securities in Company A by filing another set of Form 246-2.

7. The highest price paid for an acquisition during the 90-day period to be provided under item 4 of the form means the highest price paid during the following period:

During the 90-day period, if the following events occur and the securities of the business are acquired before such events, the reporting person shall specify the highest price paid for the acquisition before and after such events in two separate periods:

- (1) dividend declaration;
- (2) change of par value resulting in an increase or decrease in the number of shares;
- (3) grant of rights to subscribe newly issued shares or transferable subscription rights to the existing shareholders on a pro rata basis (rights issue).

(In the case of acquisition by inheritance, the report must be filed within three business days from the registration date of transfer of such securities).

8. Where any person is obliged to report his acquisition or disposition of shares and convertible securities on the same date, the respective report (Form 246-2) shall be filed separately.

9. Where any person transacts a number of acquisitions and dispositions of the same securities on any single day, the net result of such transactions shall be calculated at the end of such day to determine the change in the securities holding and whether such increase or decrease of the securities holding, together with the previous holding, reaches or crosses the trigger points, and if it is the case the person shall have the duty to file a report on Form 246-2.
